

CAPABILITIES STATEMENT

OlenArc LLC is a civilian software studio and **federal subcontractor** that builds discrete software modules — **audit-readiness & grant-compliance systems**, program dashboards, applicant portals, AI-assisted document review, and intake workflows — for Native-serving programs and the primes that serve them. We slot cleanly into a prime's task order and hand off code to your repo, cloud, and wiki.

CORE COMPETENCIES

- **Audit-readiness & grant-compliance systems**
2 CFR 200 / Single Audit prep, 200.332 subrecipient monitoring, per-program preparedness reports
- **Public-facing portals & program dashboards**
Applicant portals, admin dashboards, AI-summarized impact reporting
- **Intake, eligibility & workflow systems**
Intake forms, eligibility logic, review queues, cross-agency referrals + consent
- **AI-assisted document review & summarization**
LLM-assisted review for grants and case management
- **Local-knowledge chatbots, integrations & Section 508 modernization**
Community navigators; agency-system APIs, accessibility, legacy rebuilds

DIFFERENTIATORS

- **Audit-readiness for federally-funded Native programs** — 2 CFR 200.332 monitoring & Single-Audit prep
- **Deployed across all 8 North Slope Iñupiat villages** — production, not pilot
- Native-serving program experience & **Tribal data sovereignty-aware design**
- **Fast by design** — fixed-scope sprints from one week, scaling with system size; code lands in your repo / cloud / wiki
- Civilian & **unclassified** — fits cleanly inside **FAR 52.219-14** sub-ceilings, no clearance overhead

RELEVANT EXPERIENCE

Arctic Slope Community Foundation

Multi-module grant platform, all 8 North Slope villages (2026–present) — applicant portal, admin dashboard, AI navigator chatbot, impact reporting.

City of Utqiagvik

Local-government community calendar with community events compiled from public agency, partner, and community sources. Direct municipal engagement.

OlenHub – White-Label Community Platform

OlenArc's own deployable platform: knowledge chatbot, AI event aggregation, cross-agency intake, and an audit-ready admin dashboard — re-deployable in ~2–3 weeks (healthcare / clinical integrations take longer).

COMPANY SNAPSHOT

TYPE	Civilian software studio · subcontractor	
SAM UEI	QDL3BAL1NLY3	Active · 2026
CAGE	212P3	
SIZE	Small business	

NAICS CODES

- 541511** Custom Computer Programming Services (primary)
- 541512** Computer Systems Design Services
- 541519** Other Computer Related Services
- 518210** Computing Infrastructure & Hosting

COMPLIANCE & POSTURE

- ✓ Section 508 / WCAG 2.1 AA
- ✓ HIPAA-aware engineering
- ✓ Tribal data sovereignty-aware design
- ✓ Civilian · unclassified — no clearance

How we partner: as a software-delivery subcontractor on your prime contract — supporting primes who deliver on **OASIS+**, **8(a) STARS III**, **GSA MAS IT & CIO-SP**. We don't hold these vehicles or 8(a) / HUBZone / WOSB / SDVOSB set-asides ourselves.
